The Inspector General was written to accordingly. In reply he states that temporary sheds were erected within the jail garden with a view to make the wanders of the jail, Lunatic & Leper Asylums live in them so as to prevent infection being carried into these institutions (vide letter No. 1680 dated the 22nd Feby 1900 from the Plague Commissioner.)

A further sum of Rs 300 is stated to be required to cover these sheds with tiles. The Insp. Genl. requests sanction to it as a special case.

He states that there is no source in the jail budget from which the cost of extension of water-supply could be met and that as the sheds in question were originally started as a plague preventive measure, the charges to improve the same may be met from the Plague budget.

This does not appear correct, as the works of this nature started from plague funds are debited for jail purposes only. 25/12/00

Dated 13th November 1902.

Sir,

In forwarding herewith copy of letter No.399 dated 10th Instant, with its enclosure in original to be obligingly returned when no longer required, from the Superintendent, Central Jail, Bangalore, I have the honor to point out that a good deal of money was spent in erecting temporary sheds in the Jail garden for the use of the Jail guard and that ~~since~~ a good deal more has been spent in endeavouring to make them permanent. I consider therefore that water connection should be extended to the warder lines in the said Jail and then the guard will be made to live on the premises by degrees.

Under the above circumstances I request that you will be so good as to obtain sanction of Government to the enclosed estimate for Rs.226-1-5 for the proposed work and to instruct the D.P.W., to put the same on hand at an early date.

Sir,

In reply to your office docket No.8731/J.719 dated 21st November 1902, I have the honor to forward herewith copy of letter No.456 of the 27th idem from the Superintendent Central Jail Bangalore, and to state that temporary sheds were erected within the Jail garden with a view to make the warders of the Jail, Lunatic and Leper Asylum live in them, to prevent infection being carried into these institutions, under the authority of the Plague Commissionor's letter No.1680 dated 22nd October 1900, addressed to Government, and a copy of which was sent to this office with a view to start the work at once. It will also be observed from the enclosed copy of letter that the sheds referred to were put in order as personally directed by me, that a sum of Rs.300/-is required for the purchase of tiles to cover them up and that special sanction of Government should be obtained for laying water connection as there is no source in the Jail budget to meet the cost of the same &c.

Under the circumstances represented by the Superintendent and

and with a view to prevent the infection being carried into the Jail by the warders who are at present living in different infected localities in the city and cantonment, I am of opinion that the warders must be made to live in the sheds erected in the Jail for the purpose. I therefore request that you will be so good as to obtain special sanction of Government for the sum of Rs.300/- for the purchase of tiles and for Rs.226-1-6 being the cost of laying water connection to the warder's lines which are necessarily required to accomlish the intended prevention. The amount should be met from Plague budget as the sheds in question were originally started as plague preventive measure.

Sir,

Adverting to your No. 1154/J dated 22nd November 1902, forwarding copy of docket from the Secretary to Govern :ment regarding the Warder sheds, I have the honor to state in reply that these sheds were put in order under your authority as you personally directed me to get it done and get the warders to reside in the Jail; the existing sheds are tumble-down old structures, absolutely useless. Rupees 300/- is also required for tiles; and special sanction should be obtained for laying water connection as there is no source in Jail Budget.

It is to be represented to Government that there are already 8 warders absent owing to Plague and portions of the Resident's and Dewan's gangshad to be stopped, and there is a very great danger of Plague being introduced into the Jail by reason of Warders being in the bazars in the Civil and Military Station and the City, Bangalore.

Sir,

I have the honor to bring to your notice that since the outbreak of Plague in the Bangalore City, the Jail has lost two maistries and one warder and that several of the warder establishment have been removed to the Plague Camp as contacts. Today there are 9 absentees from the warder Guard Establishment who are reported to be suffering with fever and a docket has been received from the Registrar Malleswaram Division reporting that one of these Abdul AZeez, a warder of this Jail is suffering from fever of a suspicious character. Under all these circumstances and considering that the prisoners as well as their guards are being sent to work at the Palace &c, I would suggest that temporary sheds be run up for the warder Guard Establishment of this Jail in a portion of the Jail Garden.
